Terms + Conditions

SENSO Lighting head office, warehouse and manufacturing is all based in Calgary, Alberta, Canada. Our Canadian made product is assembled by a team of skilled, quality oriented individuals. All of our products come backed by exceptional customer service and a team of people committed to providing you with the best possible lighting for all your applications.

QuickShip Program Terms and Conditions

SENSO Lighting is pleased to offer, a made-to-order "QuickShip" program. Our Quick Ship program includes the most popular Senso Lighting fixtures, with options! What this means for our clients is real time access to our products. Unlike a stock program you can take advantage of our direct manufacturing and have a product produced quickly and directly for your varied projects in the shortest time frames.

Senso Lighting gives you the superior options for supplying your projects with the highest quality LED lighting choices in the quickest time frames available. This means that you can meet your clients' requirements without compromising quality. We are offering a variety of LED lighting solutions with 5 business day and 10 business day shipping programs. These programs give you the choice of our best lighting solutions, with the options you need to satisfy all your architectural lighting requirements, quickly.

Quick Ship Policies

Please indicate "QUICK SHIP" on your PO. If an order is received, with both quick ship line items and standard line items, all items will be shipped complete with the longest lead times. This means all shipments will be shipped complete unless otherwise indicated.

Estimated Ship Dates are determined per the following example: If an order is placed and a PO received at SENSO Lighting by 2 pm MST on a Monday, for a 5 day ship item, then ESD for that order will be the following Monday. Orders received after 2 pm will be processed the following business day.

Order Checklist:

- "Quick Ship" indicated on PO
- Complete and correct Catalogue part numbers
- Complete PO with proper terms
- Email "Quick Ship" orders to quickship@sensolighting.com

Remember:

- All shipping and ESD are estimated. 5 and 10 day lead times do not include weekends or holidays.
- Day 1 begins next business day from date of processed order confirmation.
- Consult factory for options, availability and for quantities not shown in this guide. Major projects with large quantities may not apply.
- Partial shipments may be required based on current factory loads.
- No changes or cancellations permitted after receipt of orders.
- Maximum quantities will apply. Please consult factory if you have questions regarding quantities of each product.

All Senso Lighting standard terms and conditions apply.
